

EMSB : Update- COVID-19 - March 15, 2020 - 9h25
Director General Announcement for Staff and Schools

Latest information on the EMSB website

Hello,

Please read the latest information regarding the Coronavirus on the EMSB website. All professionals are asked to work from home. Even if the schools are open Monday and Tuesday, no student, family or staff should be there. However, if you need to go to your schools to pick some files, please contact the principal prior to your visit. The visit in the school should to be very fast.

If you need to come to the Board to pick some files, it should be the same. Sabrina, Patricia and I will be available for you via Skype, email, phone, Team... We may call you for some future meetings but you will be notified in advance.

Hopefully this extraordinary situation will be finished soon. For now, the most important thing is to take care of yourself and your love ones.

Patricia, would it be possible for you to forward this message to the ASD and Project Harbour team? You are a great team!

Julie René de Cotret
Directrice des services aux élèves
Director, Student Services
